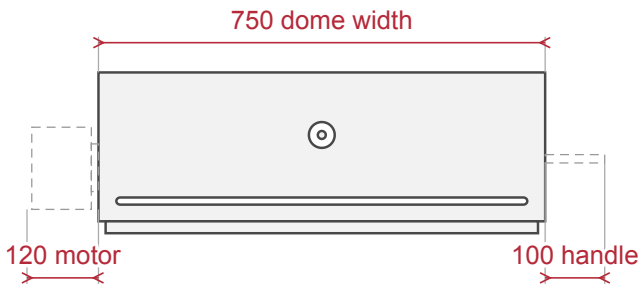
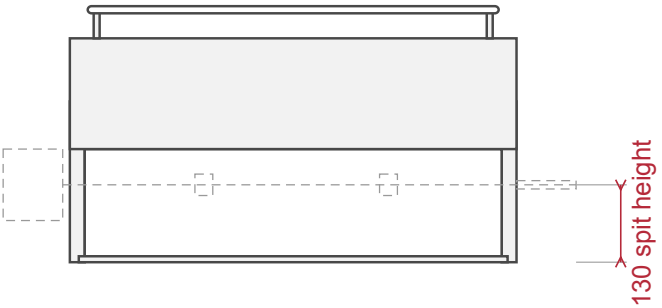
The dome only, with no rotisserie; the rotisserie kit is sold separately

01 FRONT VIEW, CLOSED



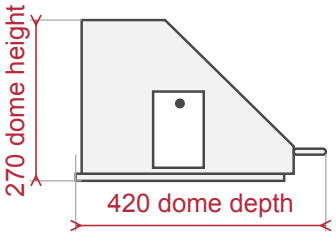
Dashed: the rotisserie kit, sold separately.

02 FRONT VIEW, OPEN



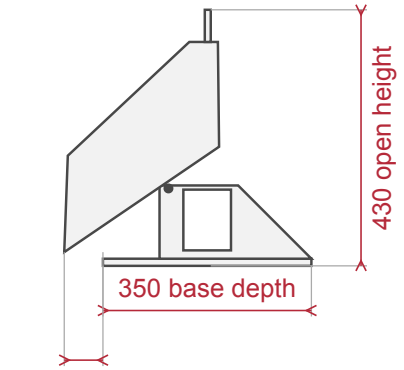
Spit height is from the dome base.

03 SIDE VIEW, CLOSED



Front at the right. Lid closed.

04 SIDE VIEW, OPEN



Front at the right. Lid open.

PLANNING NOTES

The dome suits the Sizzler and Hob 4 burner gas braais only. The braai is sold separately.
It is offered in 304 stainless steel for inland use and 316 for coastal use.
The dome stands on the grid supports of the braai.
This is the dome only. The rotisserie kit is sold separately.
Dome heights are from the dome base. The open lid comes 65 behind the base: leave room for it.
With the dome on, do not run all the burners on high with the lid closed.
