Homefires 1050 Built-in Fireplace

Built-in open wood fireplace: grate, grid, ash drawer and damper

01 FRONT VIEW

02 SIDE VIEW

Front at the left.

PLANNING NOTES

These are product sizes, not a building-opening size. Ask us for the opening size before you build.
The 985 height is the body and the gather together, before the flue.
Included: the grate, the grid, the ash drawer and the damper.
Not included: flue pipes, collars, cowl, surround, hearth, building materials and installation.
Confirm the flue route and the clearances for the actual unit with your installer.
