Chad-O-Chef 4 Burner Deluxe Entertainer with Rotisserie

07 COOKING AREA, TOP VIEW

08 BUILT-IN EXAMPLE, SIDE VIEW (SMALLER SCALE)

Front at the right.
This is one example of a layout, set in brickwork.
It is not a size for an existing opening.
Ask us for the opening size before you build.

PLANNING NOTES

These are product sizes, not a building-opening size. Ask us for the opening size before you build.
It must be built into brickwork on supporting lintels. It cannot be fitted into an existing opening.
Natural draught uses a chimney with no assisted extraction.
Forced draught needs extraction parts, sold separately.
For outdoor use or a patio with at least one open side. It is not for wood or charcoal fires.
For domestic use only. A registered gas installer must install it.
The Sizzler gas insert and the built-in box with a light fitting are included.
A rotisserie kit is included. There is no warmer tray.
A stainless steel drip tray and a dust cover are included.
The light and the rotisserie need an electrical connection. So does an extractor, where one is fitted.
The doors must stay open while the braai is in use or hot.
The cooking grids are 6 mm stainless steel bar and are dishwasher safe.
Ask us for the size with the bottom door open before you plan the space.
