02 SIDE VIEW

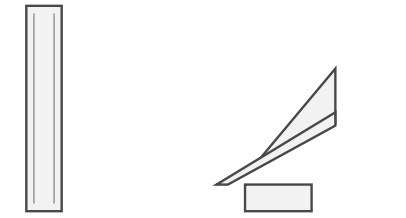

Front at the right. Door open.

03 COOKING GRID (ONE FULL-LENGTH GRID)

04 FLUE PIPE AND COWL (SMALLER SCALE)

Flue pipe

Rotating cowl, base and top

PLANNING NOTES

Stand it on a level, solid, non-combustible floor.
The stand is 870 × 545, a little wider than the braai body.
The bottom door opens 405 in front of the braai: keep this space clear.
The 1,760 height is to the top of the outlet. It does not include the flue pipe and the cowl.
Ask us to confirm the flue pipe for your setup before you order.
Have an independent installer check the flue and the safe clearances around the braai.
Included: box stand, full-length grid, ash pan and drawer, potjie holder and cowl. The ember maker is not included.
