02 SIDE VIEW

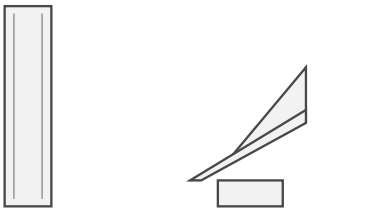

Front at the right. Door open.

03 COOKING GRIDS (TWO HALF GRIDS)

04 FLUE PIPE AND COWL (SMALLER SCALE)

Flue pipe

Rotating cowl, base and top

PLANNING NOTES

Stand it on a level, solid, non-combustible floor.
The stand is 1,270 × 545, a little wider than the braai body.
The bottom door opens 455 in front of the braai: keep this space clear.
The 1,930 height is to the top of the outlet. It does not include the flue pipe and the cowl.
Ask us to confirm the flue pipe for your setup before you order.
Have an independent installer check the flue and the safe clearances around the braai.
Included: box stand, two half grids, ember maker, warming drawer, ash pan and drawer, potjie holder and cowl.
