Dovre TAI 35

Closed combustion wood stove on four legs with a glass front door: flue on top or at the rear

01 FRONT VIEW

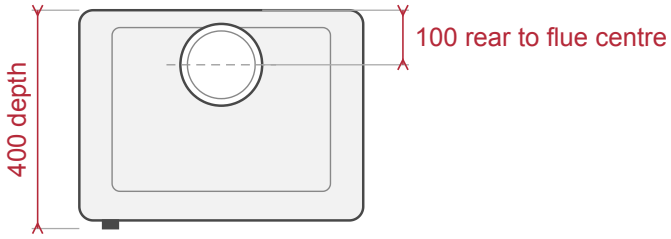

02 SIDE VIEW

Back at the left. Front at the right.

03 TOP VIEW

Back at the top. Front at the bottom.

PLANNING NOTES

These are the stove's own sizes on its legs, not a hearth or room size.
Have an independent installer confirm the hearth, the flue route and the clearances.
The flue connects on top or at the rear.
We confirm the flue size and parts for your setup before you order them.
The stove weighs 85 kg.
Flue pipes, accessories, installation and delivery are not included.
Send us a photo, your room measurements and roof details for a product and flue quote.
