Front at the bottom. White: the flue outlet.

PLANNING NOTES

These are product sizes, not a building-opening size. Ask us for the opening size before you build.
The body is 730 wide, 500 deep and 780 high, with a 320 gather above it. The front frame is 785 × 810.
Allow for the lower door, the support, the insulation and the flue route before you build.
Included: top and bottom doors, an ash pan, a full-length cooking grid, a potjie arm and a light fitting.
A separate ember maker is not included.
