Chad-O-Chef Sizzler 4 Burner Gas Braai with Rotisserie Dome

05 DOME, SIDE VIEW, CLOSED

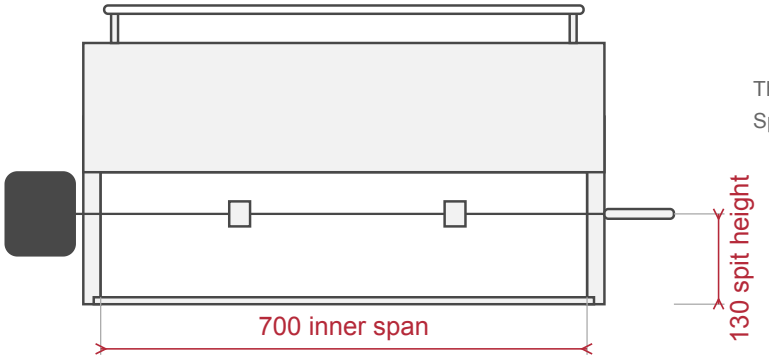

Front at the right. Lid closed.

06 DOME, SIDE VIEW, OPEN

Front at the right. Lid open.

07 DOME, FRONT VIEW, OPEN

The spit turns inside the dome.
Spit height is from the dome base.

PLANNING NOTES

The grill fits into a recess in a counter or an old built-in braai. For the recess, allow 5 at each side of the 750 body: 760 wide. Use a heat-resistant surface that cannot burn.
A registered gas installer must confirm the opening, the air flow, the gas connection and the clearances.
Dome heights are from the dome base.
Allow 970 across for the motor and the spit handle, plus room to work.
