Homefires 3 Burner Flat Top Gas Griller

05 COOKING GRIDS, 183 WIDE (TOP VIEW)

06 COOKING GRIDS, 9903 (TOP VIEW)

07 CLEARANCES, BOTH MODELS (SMALLER SCALE)

Drawn with the 183 wide.
The 9903 needs the same clearances.

PLANNING NOTES

Use it on its own on a counter, or build it into a brick opening.
These are product sizes, not a building-opening size.
The widths do not include the gas connection on the left side.
The height does not include the dust cover when it stands up.
Keep combustible material clear of the sides, the rear and the space above the grid.
