Chad-O-Chef Hob 4 Burner Drop-in Gas Braai

05 COUNTER OPENING

Leave access below to remove the drip tray.

06 VENT COVER

Fixing hole centres: 35 from the top.
Provide at least 400 cm² of free ventilation area.
Keep the ventilation openings clear.

PLANNING NOTES

These are product sizes. Cut the worktop opening to 900 × 430.
Use a heat-resistant, non-combustible worktop.
Keep wooden cabinet parts at least 100 from the body at the front, the sides and the rear.
Allow the 220 drop below the top and the 450 cover rise above the worktop.
Use a registered gas installer. Indoor installations need an extractor hood.
Keep the flat cover open while the grill is on or hot.
It uses LP gas. Natural Gas models are on request: ask us before you order.
