PLANNING NOTES

These are product sizes, not a building-opening size. Ask us for the opening size before you build.
Leave a 20 mm expansion gap at the sides and back.
The minimum chimney height is 2,500 mm.
The lower flap opens 300 in front of the body: keep this space clear.
The body steel is 3 mm thick.
The flue pipes, the collars and the cowls are options and are sold separately.
