Jetmaster Firescreen Hex 800

Freestanding firescreen for the Hex 800 fireplace, mild steel

01 FRONT VIEW

02 SIDE VIEW

Front at the right.

PLANNING NOTES

A freestanding firescreen made for the Hex 800 fireplace. It is wider at the base than at the top.
The 415 height is the height of the frame. Ask us how much space the handle needs above it.
Ask us to confirm the fit before you order.
